

## SUMMER INTERNSHIP PROGRAM

Zions Bank has several internship opportunities available. The focus of this exciting program is to hire a diverse pool of students who are attending various colleges and universities. These full-time, paid intern positions, located primarily in the Salt Lake area, will begin in June and end the last week of August. Our summer internship program was established in 1998 to give students the chance to explore the banking industry and the Zions Bank community culture.

The objective of the internship program is to provide students an opportunity to use and apply their coursework to a “real life” environment. It encourages students to think critically and to constantly redefine the content and process of the learning experience. The internship program also is expected to heighten the individual’s awareness of community issues, motivate students to create opportunities, embrace new ideas, and give direction to positive change.

The internship will provide work experience relating to one or more of the following areas:

- » Finance/Corporate Finance
- » Commercial Lending
- » Auditing
- » National Real Estate
- » Community Relations
- » Treasury Management
- » Trust and Investments
- » International Banking
- » Technology and Operations
- » Risk Management
- » Small Business Center
- » Human Resources
- » Communications and Marketing
- » Compliance

Zions’ internship programs are generally for seniors and juniors and potentially for outstanding sophomores. Information sessions for Utah universities are offered each year.

**All applications MUST be submitted online at [www.zionsbank.com](http://www.zionsbank.com) and select “careers.”**
